Vocabulary Enricher: Your job is to look for the important words in your reading. If you find words that are puzzling or unfamiliar, mark them down on this page while you are reading. Later, you can look them up in a dictionary and write down their definitions. You may also find words in the reading that are significant to the story, or just interesting in another way. Mark these words too, and be ready to point them when we have our discussion as a group. During our discussion day you will help other students find and talk about the words. Write at least 10 words.
